Reason for Bible desert: Poverty

Venezuela has been grappling with an economic crisis for years. At one point, inflation had grown so much that people were selling their cars and furniture just to buy food. Families living in this constant state of financial emergency simply can't afford to buy a copy of God's Word. New Christians especially struggle to grow in their faith without access to a Bible.

Pray for Venezuela

- Pray for more Bibles to be sent to Venezuela and for the Gospel to spread
- Pray for new Christians to get the resources they need to grow spiritually
- Pray for Venezuelan Christians who are struggling to afford food and basic necessities
